Stribling's
MULBERRY
 NON-FRUIT BEARING QUICK-GROWING SHADE

Here's the fastest grower of any good, medium-sized shade tree. Reaches height of 30-40 feet — often 6-8 feet in a single year. Clean, too — bears no fruit and large sycamore-like leaves drop all at once late in the fall. Very hardy . . . tolerant to alkali and drought. Clean, dense foliage, spreading 30-40 feet, makes it an excellent shade tree for yard, parkway and patio.

Stribling's
MULBERRY
 Non-Fruit Bearing

Quick-Growing Shade

Fastest grower of any good medium-sized shade tree.

Height: 30-40 feet.

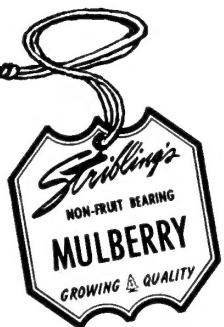

Spread: 30-40 feet.

Clean: No fruit . . .
 dense leaves drop
 all at once.

Hardy: Tolerant to
 alkali and drought.

Dense, round-topped foliage makes mulberry ideal for yard, parkway and patio.

Dealer Signature

Special tag identifies all Mulberry trees. Available for Ash trees upon request.

Use convenient
 order card . . .
TODAY!

Stribling's famed Growing Quality nursery products are developed and proven on 800 acres of rich San Joaquin Valley soil.
